

Map 14: HUD Defined Balance of Bexar County

- ATTENTION: the area and population identified by the U.S. Department of Housing and Urban Development as the Urban County jurisdiction has not yet been adjusted to reflect the city of San Antonio annexation.
- In 2003, the city of San Antonio began annexation that may increase the size of the city by 64,027 acres and reduces the total number of acres in Bexar County to 476,236 acres.
- Our review of the areas annexed by the City indicates that most of the areas are not well developed and are
